## **Caring for Each Other**

Your friends on **Sesame Street** are here to support you during the COVID-19 health crisis. We know that these are very stressful times; daily lives have been disrupted, and families everywhere are trying to create a new sense of normalcy. Children thrive with structure in their lives and they learn best through play--even in everyday moments like mealtimes and morning and evening routines. So our site is filled with content you can use all day long to spark playful learning, offer children comfort, and focus a bit on yourself, too. After all, it's important that we take care of ourselves, so that we can best care for our families.

In response to the unprecedented uncertainty facing young children and families, Sesame Workshop's *Caring for Each Other* initiative marks the beginning of a commitment to support families throughout the COVID-19 health crisis with a broad variety of free resources.
